

K-LOVE serves us in the community of Roseburg, Oregon. Our family consists of me a single parent, my 14-year-old son & a 15-year-old nephew that I raised for 5 ½ years. My boys are strongly influenced by music and the Christian music offered through K-LOVE has kept us grounded in our Godly faith & my boys on the right path.

If K-LOVE were to be displaced by an LPFM broadcaster providing other programming then we likely will have lots of interference, static and poor quality of sound! We're in a rural area on I-5 surrounded by hills and we need our daily strength provided by K-LOVE. Drugs, violence and people in a life-style of wrongdoing can affect our community by being located on an Interstate. We prayerfully request not displacing K-LOVE by an LPFM broadcaster.

Thank you for the opportunity to give my comments.
